If any penalty, forfeiture, or punishment is mitigated by any provision of the new ordinance, such provision may, by the consent of the party affected, be applied to any judgment pronounced after the new ordinance takes effect.

(KRS 446.110)

§ 10.11 ORDINANCES REPEALED.

This code, from and after its effective date, shall contain all of the provisions of a general nature pertaining to the subjects herein enumerated and embraced. All prior ordinances pertaining to the subjects treated by this code shall be deemed repealed from and after the effective date of this code of ordinances.

§ 10.12 ORDINANCES UNAFFECTED.

All ordinances of a temporary or special nature and all other ordinances pertaining to subjects not enumerated and embraced in this code of ordinances, shall remain in full force and effect unless herein repealed expressly or by necessary implication.

§ 10.13 ORDINANCES SAVED.

Whenever an ordinance by its nature either authorizes or enables the City Commission, or a certain city officer or employee, to make additional ordinances or regulations for the purpose of carrying out the intent of the ordinance, all ordinances and regulations of a similar nature serving such purpose effected prior to the codification and not inconsistent thereto, shall remain in effect and are saved.

§ 10.14 AMENDMENTS TO CODE; AMENDATORY LANGUAGE.

(A) Any chapter, section, or division amended or added to this code by ordinances passed subsequent to this code may be numbered in accordance with the numbering system of this code and printed for inclusion herein. Any chapter, section, or division repealed by subsequent ordinances may be excluded from this code by omission from reprinted pages. Subsequent ordinances as printed or omitted shall be prima facie evidence of such subsequent ordinances until City Commission shall adopt a new code of ordinances.

(B) The method of amendment set forth in § 32.37 should be used by the city to amend, add, or repeal a chapter, section, or division of this code of ordinances.

§ 10.15 CONFLICTING PROVISIONS.

If the provisions of different codes, chapters, or sections of the codified ordinances conflict with or contravene each other, the provisions bearing the latest passage date shall prevail. § 10.16 REFERENCE TO OFFICES.

Reference to a public office or officer shall be deemed to apply to any office, officer, or employee of the city exercising the powers, duties, or functions contemplated in the provision, irrespective of any transfer of functions or change in the official title of the functionary.

§ 10.17 ERRORS AND OMISSIONS.

If a manifest error be discovered consisting of the misspelling of any word or words, the omission of any word or words necessary to express the intention of the provisions affected, the use of a word or words to which no meaning can be attached, or the use of a word or words when another word or words was clearly intended to express the intention, the spelling shall be corrected, and the word or words supplied, omitted, or substituted as will conform with the manifest intention, and the provision shall have the same effect as though the correct words were contained in the text as originally published. No alteration shall be made or permitted if any question exists regarding the nature or extent of such error.

§ 10.18 HISTORICAL AND STATUTORY REFERENCES.

(A) As histories for the code sections, the specific number and passage date of the original ordinance, and the most recent three amending ordinances, if any, are listed following the text of the code section. Example: (Ord. 10, passed 5-13-60; Am. Ord. 15, passed 1-1-70; Am. Ord. 20, passed 1-1-80; Am. Ord. 25, passed 1-1-85)

(B) If a KRS cite is included in the history, this indicates that the text of the section reads word-for-word the same as the statute. Example: (KRS 83A.090) (Ord. 10, passed 1-17-80; Am. Ord. 20, passed 1-1-85). If a KRS cite is set forth as a "statutory reference" following the text of the section, this indicates that the reader should refer to that statute for further information. § 33.12 APPORTIONMENT OF COST.

The cost of any improvement shall be apportioned on a benefits received basis with respect to any property owned by the state, a local unit of government, or any educational, religious, or charitable organization. The Commission may assess such property in the same manner as for privately owned property or it may pay the costs so apportioned out of general revenues. (KRS 91A.230)

§ 33.13 COMPREHENSIVE REPORT REQUIRED.

Before undertaking any improvements pursuant to this subchapter, the city shall prepare a comprehensive report setting out:

(A) The nature of the improvement;

(B) The scope and the extent of the improvement, including the boundaries or other description of the area to be assessed;

(C) The preliminary estimated cost of the improvement;

(D) The fair basis of assessment proposed;

(E) If financing of assessments is provided, the proposed method, including the proposed years to maturity of any bonds to be issued in connection with the improvement; and

(F) Such other information as may further explain material aspects of the improvement, assessments, or financing. (KRS 91A.240)

§ 33.14 PUBLIC HEARING REQUIRED.

After preparation of the report required by § 33.13, the city shall hold at least one public hearing on the proposed improvement at which all interested persons shall be heard. Notice of the hearing shall be published pursuant to KRS Chapter 424, and mailed to each affected property owner by certified mail, return receipt requested, and shall include:

(A) The nature of the improvement;

(B) Description of area of the improvement;

(C) Statement that the city proposes to finance the improvement in whole or in part by special assessment of property and the method to be used;

(D) Time and place the report may be examined; and

(E) Time and place of the hearing.

(KRS 91A.250)

§ 33.15 ADOPTION OF ORDINANCE; NOTICE TO AFFECTED OWNERS.

Within 90 days of conclusion of the hearing, the city shall determine whether to proceed with the improvement by special assessments, and if it determines to proceed shall adopt an ordinance so stating and containing all necessary terms, including the items referred to in § 33.13 and a description of all properties. Promptly upon passage the city shall publish such ordinance pursuant to KRS Chapter 424 and shall mail by certified mail to each affected property owner a notice of determination to proceed with the project, the fair basis of assessment to be utilized, the estimated cost to the property owner, and the ratio the cost to each property owner bears to the total cost of the entire project.

(KRS 91A.260)

§ 33.16 AFFECTED OWNER MAY CONTEST.

(A) Within 30 days of the mailing of the notice provided for in § 33.15, any affected property owner may file an action in the circuit court of the county, contesting the undertaking of the project by special assessment, the inclusion of his property in the improvement, or the amount of his assessment. If the action contests the undertaking of the improvement by the special assessment method of the inclusion of the property of that property owner, no further action on the improvement insofar as it relates to any property owner who is a plaintiff shall be taken until the final judgment has been entered.

(B) The city may proceed with the improvement with respect to any properties whose owners have not filed or joined in an action as provided in this section or who have contested only the amounts of their assessments, and the provisions of the resolution are final and binding with respect to such property owners except as to contested amounts of assessments. After the lapse of time as herein provided, all actions by owners of properties are forever barred.

(KRS 91A.270)

§ 33.17 WHEN CITY MAY PROCEED; ASSESSMENT CONSTITUTES LIEN.

(A) After the passage of time for the action provided for in § 33.16, or after favorable final judgment in any such action, whichever comes later, the city may proceed with the improvement or part thereof stayed by the action, including notice requiring payment of special assessment or installment thereon and bonds or other method proposed to finance the improvement. The first installment may be apportioned so that the other payments will coincide with payment of ad valorem taxes.

(B) The amount of any outstanding assessment or installments thereof on any property, and accrued interest and other charges, constitutes a lien on the property to secure payment to the bondholders or any other source of financing of the improvement. The lien takes precedence over all other liens, whether created prior to or subsequent to the publication of the ordinance, except a lien for state and county taxes, general municipal taxes, and prior improvement taxes, and is not defeated or postponed by any private or judicial sale, by any mortgage, or by any error or mistake in the description of the property or in the names of the owners. No error in the proceedings of the Commission shall exempt any benefitted property from the lien for the improvement assessment, or from payment thereof, or from the penalties or interest thereon, as herein provided.

(KRS 91A.280)

§ 33.18 EFFECT OF ADDITIONAL PROPERTY OR CHANGE IN FINANCING.

The city may undertake any further proceedings to carry out the improvement or any extension or refinancing thereof, except that §§ 33.13 through 33.17 applies if additional property is included in the improvement or if change is made in the method or period of financing; but additional property may be included in the improvement with the consent of the owner thereof without compliance with other sections if it does not increase the cost apportioned to any other property, or any other change may be made without such compliance if all property owners of the improvement consent.

PROCEDURES FOR REQUESTING PUBLIC RECORDS**§ 34.05 INITIAL REQUEST WITH IMMEDIATE INSPECTION.**

(A) Any person desiring to inspect or copy the public records of this city shall make a request for inspection at the office of the City Clerk during regular office hours, except during legal holidays. The official custodian, or the custodian acting under the authority of the official custodian, may require a request to inspect public records to be in writing, signed by the applicant and with the applicant's name printed legibly on the application. A written request to inspect public records may be presented by hand delivery, mail or via facsimile, if one is available.

(B) If the custodian determines that a person's request is in compliance with this chapter and the open records law, and the requested public records are immediately available, the custodian shall deliver the public records for inspection. A person may inspect public records at the designated office of the city during the regular office hours, or in appropriate cases, by receiving copies of the records through the mail.

(C) If the public records are to be inspected at the offices of the city, suitable facilities shall be made available in the office of the City Clerk or in another office of the city as determined by the official custodian or custodian for the inspection. No person shall remove original copies of public records from the offices of the city without the written permission of the official custodian of the record. When public records are inspected at the city offices, the person inspecting the records shall have the right to make abstracts and memoranda of the public records and to obtain copies of all written public records. When copies are requested, the custodian may require advance payment of the prescribed fee.

(D) Upon proper request, the city shall mail copies of the public records to a person whose residence or principal place of business is located outside of Scott County after the person precisely describes the public records which are readily available and after the person pays in advance the prescribed fee.

§ 34.06 REFERRAL TO PROPER CUSTODIAN.

If the City Clerk does not have custody or control of the public record or records requested, the City Clerk shall notify the applicant and shall furnish the name and location of the official custodian of the agency's public records.

(KRS 61.872(4))

§ 34.07 PUBLIC RECORDS NOT IMMEDIATELY AVAILABLE.

If the public record is in active use, in storage, or not otherwise available, the official custodian shall immediately notify the applicant and shall designate a place, time, and date for inspection or mailing of the public records, not to exceed three days (excepting Saturdays, Sundays, and legal holidays) from receipt of the application, unless a detailed explanation of the cause is given for further delay and the place, time, and earliest date on which the public record will be available for inspection or duplication.

(KRS 61.872(5))

§ 34.08 REFUSAL OF UNREASONABLE REQUESTS.

If the application places an unreasonable burden in producing public records, or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the public agency, the official custodian may refuse to permit inspection or to mail copies of the public records or mail copies thereof. However, refusal under this section must be sustained by clear and convincing evidence.

(KRS 61.872(6))

§ 34.09 TIME LIMITATION; DENIAL OF INSPECTION.

The official custodian, upon any request for records made under this chapter, shall determine within three days (excepting Saturdays, Sundays, and legal holidays) after the receipt of any request whether to comply with the request and shall notify in writing the person making the request within the three-day period of its decision. Any agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority and shall constitute final agency action.

§ 34.10 CONCEALING OR DESTROYING RECORDS PROHIBITED.

No official of the city shall willfully conceal or destroy any record with the intent to violate the provisions of this chapter or these rules and regulations.

(KRS 61.884)

§ 34.12 FORMAT OF COPIES.

(A) Upon inspection, the applicant shall have the right to make abstracts of the public records and memoranda thereof, and to obtain copies of all public records not exempted by the terms of § 34.16. When copies are requested, the custodian may require a written request and advance payment of the prescribed fee, including postage where appropriate. If the applicant desires copies of public records other than written records, the custodian of the records shall duplicate the records or permit the applicant to duplicate the records; however, the custodian shall ensure that such duplication will not damage or alter the original records.

(B) (1) Nonexempt public records used for noncommercial purposes shall be available for copying in either standard electronic or standard hard copy format, as designated by the party requesting the records, where the agency currently maintains the records in electronic format. Nonexempt public

records used for noncommercial purposes shall be copied in standard hard copy format where agencies currently maintain records in hard copy format. Agencies are not required to convert hard copy format records to electronic formats.

(2) The minimum standard format in paper form shall be defined as not less than 8½ inches x 11 inches in at least one color on white paper, or for electronic format, in a flat file electronic American Standard Code for Information Interchange (ASCII) format. If the public agency maintains electronic public records in a format other than ASCII, and this format conforms to the requestor's requirements, the public record may be provided in this alternate electronic format for standard fees as specified by the public agency. Any request for a public record in a form other than the forms described in this section shall be considered a nonstandardized request.

(KRS 61.874(1) - (3))

§ 34.13 FEES FOR COPIES.

(A) The public agency may prescribe a reasonable fee for making copies of nonexempt public records requested for use for noncommercial purposes which shall not exceed the actual cost of reproduction, including the costs of the media and any mechanical processing cost incurred by the public agency, but not including the cost of staff required. If a public agency is asked to produce a record in a nonstandardized format, or to tailor the format to meet the request of an individual or a group, the public agency may at its discretion provide the requested format and recover staff costs as well as any actual costs incurred.

(B) (1) Unless an enactment of the General Assembly prohibits the disclosure of public records to persons who intend to use them for commercial purposes, if copies of nonexempt public records are requested for commercial purposes, the public agency may establish a reasonable fee.

(2) The public agency from which copies of nonexempt public records are requested for a commercial purpose may require a certified statement from the requestor stating the commercial purpose for which they shall be used, and may require the requestor to enter into a contract with the agency. The contract shall permit use of the public records for the stated commercial purpose for a specified fee.

(3) The fee provided for in division (B)(1) of this section may be based on one or both of the following:

(a) Cost to the public agency of media, mechanical processing, and staff required to produce a copy of the public record or records;

(b) Cost to the public agency of the creation, purchase, or other acquisition of the public records.

(KRS 61.874(3), (4))

(1) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.

(2) Records confidentially disclosed to an agency and compiled and maintained for scientific research. This exemption shall not, however, apply to records the disclosure or publication of which is directed by other statute.

(3) (a) Records confidentially disclosed to the agency, or required by an agency to be disclosed to it, generally recognized as confidential or proprietary, which if openly disclosed would permit an unfair commercial advantage to competitors of the entity that disclosed the records.

(b) Records confidentially disclosed to an agency or required by an agency to be disclosed to it, generally recognized as confidential or proprietary , which are compiled and maintained:

1. In conjunction with an application for or the administration of a loan or a grant;

(c) The exemptions provided for in division (A)(3)(a) and (b) above, shall not apply to records the disclosure or publication of which is directed by statute.

(4) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within, or expanding within the Commonwealth. This exemption shall not include those records pertaining to applications to agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in division (A) (2) above.

(7) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination before the exam is given or if it is to be given again.

(8) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations, if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of this chapter, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action; however, records or information compiled and maintained by county attorneys or Commonwealth's attorneys pertaining to criminal investigations or criminal litigation shall be exempted from the provisions of this chapter and shall remain exempted after enforcement action, including litigation, is completed or a decision is made to take no action. The exemptions provided by this subdivision shall not be used by the custodian of the records to delay or impede the exercise of rights granted by this chapter.

This exemption shall apply to the extent that nondisclosure is requested in writing by the donor or depositor of such records, but shall not apply to records the disclosure or publication of which is mandated by another statute or by federal law.

(10) (a) Public records in disclosure of which would have a reasonable likelihood of threatening the public safety by exposing a vulnerability in preventing, protecting against, mitigating, or responding to a terrorist act and limited to:

2. Vulnerability assessments;
3. Antiterrorism protective measures and plans;

These critical systems shall include but not be limited to information technology, communication, electrical, fire suppression, ventilation, water, wastewater, sewage and gas systems.
7. The following records when their disclosure will expose a vulnerability referred to in this subparagraph: detailed drawings, schematics, maps, or specifications of structural elements, floor plans, and operating, utility, or security systems of any building or facility owned, occupied, leased, or maintained by a public agency; and
8. Records when their disclosure will expose a vulnerability referred to in this subparagraph and that describe the exact physical location of hazardous chemical, radiological, or biological materials.

2. Disrupt a system identified in subparagraph (10)(a)6 of this section; or
3. Cause massive destruction to a building or facility owned, occupied, leased, or maintained by a public agency.

(c) On the same day that a public agency denies a request to inspect a public record for a reason identified in this paragraph, that public agency shall forward a copy of the written denial of the request, referred to in KRS 61.880(1), to the executive director of the Office for Security Coordination and the Attorney General.

(d) Nothing in this division shall affect the obligations of a public agency with respect to disclosure and availability of public records under state environmental, health, and safety programs.

(e) The exemption established in this division shall not apply when a member of the Kentucky General Assembly seeks to inspect a public record identified in this paragraph under the Open Records Law.

(b) The procurement process is canceled without award of a contract and there is a determination that the contract will not be resolicited.

(14) Communications of a purely personal nature unrelated to any governmental function.

(B) No exemption under this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(C) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the nonexcepted material available for examination.

(D) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

(E) No exemption under this section shall be construed to deny, abridge, or impede the right of a municipal employee, including university employees, an applicant for employment, or an eligible on a register to inspect and copy any record, including preliminary and other supporting documentation, that relates to him. Such records shall include, but not be limited to work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores, and preliminary and other supporting documentation. (1) **STRENGTH-OF-WASTES SURCHARGE.** The extra user charges for sewerage service assessed users whose sewage is of such a nature that it imposes upon sewage works a burden greater than that covered by the basic user charge.

SUSPENDED SOLIDS. Total suspended matter that either floats on the surface of, or is in suspension in, water, wastewater, or other liquids, and that is removable by laboratory filtering as prescribed in "Standard Methods for the Examination of Water and Wastewater" and referred to as nonfilterable residue.

WASTEWATER TREATMENT PLANT. The arrangement of devices, structures and equipment used for treating and disposing of sewage and sludge.
(Ord. 190, passed 12-5-77)

§ 52.31 CHARGES BASED ON WATER USAGE.

(A) *Water obtained from the city.* The sewer charges made for sewerage service rendered to each lot, parcel of real estate or building having any connection with the city's sewerage system or otherwise discharging sewage into that system, either directly or indirectly, shall be based upon the quantity of water presumed to enter the public sewers after being used in or on the property as the quantity is measured by the water meter or meters therein used by the city, except as herein otherwise provided.

(B) *Water obtained from other sources.* Where the property obtains any part or all the water used from sources other than the city, the owner or the tenant may be required by the city to install and maintain at his own expense a meter or meters acceptable to the city for the purpose of measuring the quantity of water obtained from these other sources, or the city may determine the quantity of such water by whatever means and methods it may find practicable.

(C) *Exempt water - general.* Where a significant portion of the metered water does not and cannot enter the sewerage system either directly or indirectly and where the quantity of water entering the premises averages more than 20,000 gallons per month, the person having charge of the property may request permission from the city to install at his own expense either an approved meter or meters to determine the quantity of water that cannot enter the sewerage system or an approved sewage-measuring device or devices to determine the volume of sewage that actually entered the sewerage system; when appropriate, the city reserves the right to determine by whatever means and methods it may find practicable the percentage of the property's metered water that enters the sewerage system. In any case the user charge shall be applied to the quantity of water that can or actually does enter the public sewers.

(D) *Metering the sewage.* The city may require a user to install and maintain at his own expense an approved device to measure directly the volume of wastes discharged to the sewerage system if these volumes cannot otherwise be determined from the metered water consumption records. Any non-residential user whose monthly water consumption is 2,000 gallons or more may be required to install a meter. The city shall inspect and approve such installations and no such service, once installed, shall be removed without the city's approval.

(E) All persons working on city sewers with a cleaning rod must use an approved type rod in cleaning sewer connections to city sewers.
(Ord. 190, passed 12-5-77)

§ 52.32 CHARGES.

(A) *Sewer tap charges.* The charge for sewer taps, all sizes, shall apply within the city and outside the city, for each property connected and served, payable in advance.

(B) *Building permit fee to include water and sewer tab.* All permits approved for new buildings shall be accompanied by the sewer tap fee where sewers are available.

(C) *Charges.* For the use of and the service rendered by said sewage works, sewer charges shall be collected from the owners of each and every lot, parcel of real estate or building that is or could be connected to the city sewerage system or otherwise discharges sanitary sewage, industrial wastes, water
1997 S-4

or other liquids, either directly or indirectly, into the sewerage system of the city, which sewer charges shall be payable as hereinafter provided and shall be in an amount determinable as follows: Monthly user charge, debt service and total sewer rate: \$5.50 per 1,000 gallons.

(D) The minimum monthly charge for any user shall be \$5.50.

(E) In the event two or more dwelling units such as trailers, apartments or housekeeping rooms discharging sanitary sewage, water or other wastes into the city's sewerage system either directly or indirectly, its use of water and the quantity of water is measured by a single water meter, then in such case billing shall be for a single service in the manner set out elsewhere herein, except that the minimum bill shall not be less than the number of such dwelling units times \$5.50 shall be computed and interpreted as the total number of trailers located and installed in said park plus any other dwelling units served through the meter. A dwelling unit shall be interpreted as a room or rooms or any other space or spaces in which cooking facilities are provided.

(F) Where a metered water supply is used for fire protection as well as for other uses, the city may, in its discretion, make adjustments in the minimum charge and in their user charge as may be equitable.

(G) For the service rendered to the city, the city shall be subject to the same sewer charges hereinabove provided or to sewer charges established in harmony therewith.

(H) The user charges and debt service charges set forth in § 52.16(C) shall be changed, as necessary, annually, or individually by the Council in accordance with § 52.15.

(I) All sewer bills shall be due upon receipt and subject to the same requirements and procedures of § 52.17 except that, in addition to any fees or penalties set forth therein, the following shall apply. In the event a sewer customer is a water customer of the county municipal water and sewer service and such sewer customer's water service has been terminated for failure to pay city sewer charges, then such customer's sewer service shall not be permitted to resume until such customer has paid to the city a reconnect fee of \$30 and any fees due the county municipal water and sewer service.

(Ord. 190, passed 12-5-77; Am. Ord. 1996-01, passed 3-11-96; Am. Ord. 1996-03, passed 6-3-96; Am. Ord. 1999-09, passed 11-18-99; Am. Ord. 2002-06, passed 11-11-02)

§ 52.33 STRENGTH OF WASTE SURCHARGE.

(A) *Liability for surcharge.* Each industrial or non-industrial user who discharges wastes into the sewerage system shall be subject to a surcharge, in addition to the regular sewer charges, based on both the biochemical oxygen demand (or on the chemical oxygen demand where BOD cannot be determined), the suspended solids content of the wastes, and the total Kjeldahl nitrogen content of the waste, if these wastes have a concentration greater than the following:

(1) A biochemical oxygen demand of 225 milligrams per liter; or where BOD cannot be determined, then, in lieu of BOD, a chemical oxygen demand of 450 milligrams per liter.

(2) A suspended solids content of 265 milligrams per liter.

(3) A total Kjeldahl nitrogen content of 45 milligrams per liter.

(B) *Computation of surcharge.* The surcharge shall be determined as follows:

The excess pounds of BOD (or COD) suspended solids and total Kjeldahl nitrogen will each be computed by first multiplying the customer's billing sewage volume measured in units of 1,000 gallons

for the current billing period by the factor 0.008337 and then multiplying this product by the difference between (a) the concentrations measured in milligrams per liter of the BOD (or COD), suspended solids and total Kjeldahl nitrogen respectively in the customer's sewage and (b) the allowed concentrations set out in division (A) of this section. The surcharge for each constituent will then be determined by multiplying the excess pounds of each constituent by the appropriate rate of surcharge to be established in division (C) of this section.

(C) *Rates of surcharge.* The rate of surcharge for each of the aforementioned constituents shall be as follows:

- (1) For biochemical oxygen demand (BOD) : _____ cents per pound
- (2) For chemical oxygen demand (COD)
where BOD cannot be determined: _____ cents per pound
- (3) For suspended solids: _____ cents per pound
- (4) For total Kjeldahl nitrogen: _____ cents per pound

(D) *Revision of rates of surcharge.* Prior to three months after the end of the fiscal year of each year, the city shall make a comparison of the calculated unit costs for removing BOD, suspended solids and Kjeldahl nitrogen from the wastewater treatment plant influent during the previous calendar year with the unit charge currently in effect in order that the city may determine whether the current rates of surcharge are adequate or should be changed.

(Ord. 190, passed 12-5-77; Am. Ord. 1999-09, 11-18-99)

§ 52.34 BILLING.

(A) *Billing period; discontinuing service.* Sewer charges for sewerage service shall be prepared and billed by the city and shall be due and payable on a monthly basis the first day of the succeeding month, provided that there shall be added to any bill, remaining unpaid on the tenth of the month, a penalty of 5%, and upon failure to pay any bill by the 20th of the month, the Treasurer shall discontinue the water service, and failing to do so shall be personally liable for any amount lost by such failure. In the event the water service is so discontinued the Treasurer shall deduct the amount due the city from the water deposit, if any, made by the customer and shall refund any balance to the customer. No service so discontinued shall be reinstated until and unless the customer posts the water deposit, if required, and pays a fee of \$5. Customers desiring to discontinue the service shall notify the city and remain liable there for until such notice is given.

(B) *Liability for payment.* The sewer charges for sewerage service shall be billed to the person being billed for water service unless, by contract with the utility, another person assumes such responsibility. If a tenant is billed, the owner shall in no way be relieved of liability in the event payment is not made by the tenant as herein required. Such owner shall have the right to examine the city's collection records to ascertain whether such charges have been paid.

(C) *First billings.* The sewer charges and surcharges fixed in this subchapter shall be extended to cover any additional premises hereafter served without the need for any hearing or notice. If the first billing to a new customer covers a period other than a full billing month, then the sewer charges for such

billing shall be made in keeping with standard practice. Subsequent sewerage service billings shall be for periods coinciding with the billing periods established by the city. If such sewer charges and/or surcharges are changed, the first billing after such change may also be for a period other than a full billing month.

(Ord. 190, passed 12-5-77)

§ 52.20 BYLAWS, RULES AND REGULATIONS.

The city shall, in accordance with the Statutes of Kentucky, make and enforce whatever bylaws, rules and regulations it may deem necessary for the safe, economical and efficient management of the city's sewage works, for the regulation, collection and refunding of the sewer charges for sewerage service and, in general, for the implementation of the provisions of this subchapter.

TRAFFIC-CONTROL DEVICES**§ 70.15 SIGNAL LEGENDS.**

Whenever traffic is regulated or controlled exclusively by a traffic-control sign or signs exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights for purposes of traffic control, the following colors only shall be used, and these terms and lights shall indicate and be obeyed as follows:

(A) Green alone or "Go": Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. However, vehicular traffic shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection at the time such signal is exhibited.

(B) Steady yellow alone or "Caution" when shown following the green or "Go" signal: Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. Vehicular traffic facing a steady yellow signal may enter and clear the intersection.

(C) Red alone or double red or "Stop": Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at an intersection or at such other point as may be indicated by a clearly visible line, and shall remain standing until green or "Go" is shown alone.

(D) Flashing red alone: Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at an intersection or at such other point as may be indicated by a clearly visible line, and shall not again proceed until it can do so without danger.

(G) Lane lights: When lane lights are installed over any street for the purpose of controlling the direction of flow of traffic, vehicular traffic shall move only in traffic lanes over which green arrows appear. However, when flashing amber lights appear above a lane all left turns shall be made from that lane. Where red arrows appear above such lanes, vehicles shall not move against them. If flashing amber lights show above a lane, that lane shall be used only for passing and for left turns unless a sign at such place prohibits such turn.

No person shall place or maintain, nor shall any public authority permit on any street, any traffic sign or signal bearing any commercial advertising. Nothing in this section shall be construed as restricting any public department or public utility of the city in any emergency or temporarily from marking or erecting any traffic barrier or sign whose placing has been approved by the city.

(A) It shall be unlawful to operate any vehicle or permit it to remain standing in any street in such manner as to create an obstruction thereof.

(B) It shall be unlawful for the operator of any vehicle to enter any intersection or crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate the vehicle without obstructing the passage of other vehicles or pedestrians, notwithstanding the indication of any traffic-control signal which may be located at the intersection or crosswalk.

(C) Any intersection deemed by the city to be of special or critical importance to the movement of traffic shall be marked in a distinctive manner as to indicate its importance. Should the operator of any vehicle enter any intersection so marked when there is insufficient room on the other side of the intersection to accommodate the vehicle, the indication of any traffic-control signal notwithstanding, he shall be deemed to have violated this division rather than division (B) above.

Penalty, see § 71.99

On entering the roadway from the alley, driveway, or building the operator shall yield the right-of-way to all vehicles approaching on the roadway. The operator of any vehicle intending to cross a sidewalk and turn into an alley from the roadway may do so at low speed and with caution.

(F) This section does not operate to relieve the person who drives an emergency vehicle from the duty to operate the vehicle with due regard for the safety of all persons using the highway.
(KRS 189.930) Penalty, see § 71.99

§ 71.27 SMOKE EMISSION OR OTHER NUISANCE.

Every vehicle when on a highway shall be so equipped as to make a minimum of noise, smoke, or other nuisance, to protect the rights of other traffic, and to promote the public safety.

(B) No vehicle shall be parked or left standing on any street unless its two right wheels are within six inches of and parallel with the curb, except that on one-way streets where parking is permitted on the left side the two left wheels are to be within six inches of and parallel with the curb.

(C) No vehicle shall be backed to the curb on any street, except that wagons and trucks may do so when loading and unloading provided that the loading and unloading and delivery of property and material shall not consume more than 30 minutes. Such backing of trucks or wagons is prohibited at all times and on all streets in the city where any truck or wagon so backed interferes with the use of the roadway of moving vehicles or occupies road space within ten feet of the center line of the street.

(D) The city may establish diagonal parking at certain places, requiring the parking of vehicles at a certain angle to the curb and within a certain portion of the roadway adjacent thereto. However, diagonal parking shall not be established where the roadway space required therefor would be within ten feet of the center line of any street. Diagonal parking places shall be designated by suitable signs, and shall indicate by markings on the pavement the required angle and the width of the roadway space within which such vehicle shall park.

(E) It shall be unlawful for the operator of any vehicle to so park the vehicle that any part thereof shall extend beyond the lines marking the side or the rear of the space assigned for one vehicle.

However, in lieu of erecting signs or in conjunction therewith, the face and top of a curb or curbs at or adjacent to which parking is prohibited at all times may be painted a solid yellow color.

(2) No regulations or restrictions shall be effective unless the signs have been erected and are in place or the curbs are painted yellow at the time of any alleged offense, except in the case of those parking restrictions which by their very nature would not require signs and markings.

If the proceeds of the sale of any vehicle pursuant to this section are insufficient to satisfy accrued charges for towing, transporting, and storage, the sale and collection of proceeds shall not constitute a waiver or release of responsibility for payment of unpaid towing, transporting, and storage charges by the owner or responsible casualty insurer of the vehicle. This lien shall be subject to prior recorded liens.
(KRS 376.275(3))

The property owner shall further be informed that in the event the property is the subject of litigation, the lien may be filed immediately upon the mailing of the bill.

(4) A statement to the effect that civil penalties of not less than \$100 nor more than \$1,000 may be imposed if two or more notices to abate a nuisance have been issued to the same owner of the same property, within a 12 month period and that civil penalties so imposed will be added to the bill for the cost of abatement.

(5) The procedure established by Section 111 of the Property Maintenance Code, Means of Appeal shall govern the appeal from notices to abate nuisances under this section of notices of the imposition of civil penalties. Appeals under this section shall be within ten days of the service of the notice

from which the appeal is taken rather than 20 days for violations of the Property Maintenance Code. The Board appointed pursuant to subsection 111 of the code shall hear appeals of actions taken pursuant to Nuisance Abatement.

(B) *Services of notices.* The service of notices to abate shall be governed by the procedures provided in Section 107 of the Property Maintenance Code.

(C) *Abatement by the city.* If the owner so served does not abate the nuisance or file a notice of appeal within ten days, the city may proceed to abate such nuisance, keeping an account of the expense of abatement. The expense of the abatement with an administrative fee of \$75 shall be charged to and paid by the property owner. The ten-day period provided for it in this subsection shall commence:

- (1) On the day following service (where notice is personally served);
- (2) On the third day following mailing (where notice is served by mail); or
- (3) On the third day following the second day of publication (where notice is by publication.)

(D) *Lien.* The city shall have a lien against the property for its costs incurred in such nuisance abatement plus an administrative fee of \$75. This lien shall be superior to and have priority over all other liens on the property, except state, county, school board, and city taxes pursuant to state law. This lien shall be evidenced by a notice of lien claimed, filed in the County Clerk's Office, which notice shall include the affidavit of the Code Official, setting forth the property in question, the amount of the city's cost of abatement, the date of abatement, and that the notice provisions of this section were complied with before abatement. The code official shall bill the property owner of such premises at least once following abatement. No lien claimed shall be filed against the property until seven days have elapsed after the bill is sent. If the property is the subject of litigation, the lien may be filed immediately upon the mailing of the bill. A copy of the notice of the lien shall be mailed to the owner of the premises, or, if the owner of the property cannot be ascertained according to the provisions of the Section 107 of the code, published. The failure of the clerk to record such notice of lien claimed, the failure to mail the owner a copy of such notice or the publishing of the notice, or the failure of the owner to receive such notice shall not affect the right of the city to enforce its lien for such charges as provided by law.

(E) *Property to be sold.* The property subject to a lien for unpaid nuisance abatement charges may be sold for nonpayment of those charges according to law.

(F) *Court proceedings.* The city attorney may be authorized and directed by the City Commission to institute such proceedings, in the name of the city, in any court having jurisdiction over such matter, against any property for which a bill for nuisance abatement remains unpaid for seven days after it is mailed. If the property is the subject of litigation, the proceedings may be initiated immediately upon the mailing of the bill.

(G) *Release of Lien.* The Mayor is hereby authorized and directed to execute a release of the lien provided for in division (D) upon payment in full of the nuisance abatement cost evidenced by the lien or upon conclusion of court proceedings resulting in the sale of the property regardless of whether any portion of the costs were paid from the proceeds of the sale. The lien release shall be filed in the county clerk's office.

Stamping Ground - General Regulations

(H) *Unenforceable liens.* The city attorney is authorized to determine that liens shall not be filed for the cost of nuisance abatement if the cost of nuisance abatement is less than \$500 or less and the cost of collection of the lien would be greater than the amount secured by the lien. The city attorney is authorized to determine whether the city should intervene in existing litigation is not cost effective, or when the lien would not be enforceable as a matter of law. All liens are ratified and adopted as an act of the City Commission.

NOISE REGULATIONS**§ 92.20 PURPOSE.**

(A) The purpose of this subchapter is:

- (1) To preserve the public health, safety, and welfare by prohibiting excessive and disturbing noise; and
- (2) To prevent ***NOISE***, which is:
 - (a) Prolonged or unsuitable for the time and place; and
 - (b) Detrimental to the peace and good order of the community.

(B) It is the goal of this ordinance to allow all residents of our city to peacefully coexist in a manner, which is mutually respectful of the interests and rights of others. (Ord. 2011-008, passed 10-4-11)

§ 92.21 PROHIBITED NOISES.

(A) It shall be unlawful for any person to make or cause to be made, or allow to be made by an animal in his or her possession, any loud or unreasonable noise as defined in this subchapter. Unreasonable noise disturbs, injures or endangers the peace or health of another or the health, safety, or welfare of the

community. Such noise constitutes the disturbance of the peace and a public nuisance. **LOUD AND UNREASONABLE NOISE**, for the purpose of this subchapter, is defined as noise that is plainly audible to a reasonable person of normal sensitivities using his or her unaided hearing faculties as such times and distances proscribed below. To be plainly audible does not require the listener to be able to determine specific characteristics of the noise, e.g. the words of a song being played, but only that the listener hears the noise, e.g. the boom of the song's base.

(B) The following are prohibited:

(1) Animals and birds. Owning, possessing or harboring any pet animal or pet bird that frequently or for continued duration makes sounds that create a noise disturbance across a residential real property line. (For the purpose of this ordinance, a noise disturbance from a barking dog shall be defined as that created by a dog barking continually for ten minutes or intermittently for 30 minutes unless provoked.) This division shall be enforced during regular business hours. An animal noise disturbance shall be deemed to exist if the noise is plainly audible:

(a) From the source of the noise through the walls separating dwelling units within the same multi-family building;

(b) From the source of the noise to within a dwelling unit located on another property than that from which the noise emanates.

(2) Radios, television sets, musical instruments, phonographs, and similar devices, including motor vehicle sound equipment. The operation or permitting the use or operation of any musical instrument, radio, television, phonograph, or other device for the production or reproduction of sound in such a manner as to be plainly audible:

(a) From the source of the noise through the walls separating dwelling units within the same multifamily building;

(b) From the source of the noise to within a dwelling unit located on another property than that from which the noise emanates.

(3) Engines and mechanical devices near residential district. Operation or use between the hours of 10:00 p.m. and 7:00 a.m. of any gasoline powered engine or the repair, modification, reconstruction, testing or operation of any automobile, motorcycle, machine or mechanical device or other contrivance or facility unless such engine, automobile, motorcycle, machine or mechanical device is enclosed within a sound insulated structure so as to prevent noise and sound from being plainly audible at a distance of 50 feet from such structure, or within ten feet of any residence. This section shall not apply to the operation of a properly licensed motor vehicle properly operated on a city, county, or state street or road.

(4) Motor vehicles. Racing the engine of any motor vehicle or needlessly bringing to a sudden start or stop of any motor vehicle.

(Ord. 2011-008, passed 10-4-11) Penalty, see § 92.99

§ 92.22 EXEMPTIONS.

Noise from the following sources is exempt from the prohibition specified above:

(A) **Governmental activities.** Governmental vehicles and equipment while in use for municipal purposes, including, but not limited to, safety signals, warning devices, snow removal, public events, law enforcement, emergency construction or repair work. Events conducted by or permitted by the city must comply with all conditions of such permits with respect to noise control issues.

(B) **Special events.** Special events permitted by the appropriate agency, e.g., Buffalo Daze.

(C) **Outdoor gatherings, festivals, public dances, shows and sporting events,** provided the events are conducted pursuant to a permit issued by the Mayor.

(D) **Sounds created by church bells or chimes, or any church activities.**

(E) **Any outdoor school functions.**

(Ord. 2011-008, passed 10-4-11)

§ 92.99 PENALTY.

(A) **Whoever violates any provision of this chapter for which no other penalty is provided shall be guilty of a misdemeanor and shall be fined not more than \$500 for each offense. Each day's continued violation shall constitute a separate offense.**

(B) **Authority to enforce this §§ 92.20 through 92.22 is given to the Police Department.**

(B) **The penalty for violation of §§ 92.20 through 92.22 is as follows:**

(1) **First offense. For the first offense a warning.**

(2) **Second offense. For the second offense within 12 months, a fine of \$25.**

(3) **Third and subsequent offenses. For the third and subsequent offenses within 12 months, a fine of \$50.**

(C) (1) **Payment of fines; penalty for nonpayment. Within seven days from the date of the issuance of the citation, any person cited pursuant to §§ 92.20 through 92.22 shall:**

(a) **Pay to the city the civil penalty prescribed; or**

(b) **Request a hearing before the city commission by delivering to the city clerk a written request for a hearing within seven days of the citation. The hearing shall be held at the next scheduled regular City Commission meeting.**

(2) Failure to pay the citation or request a hearing within the required seven days shall result in the City Commission determining that:

- (a) The person cited to have waived his or her right to a hearing;
- (b) The citation and fine to be proper under §§ 92.20 through 92.22; and
- (c) The assessment of an administrative fee in an amount equal to the original citation fine, but not exceeding \$50.

§ 93.01 DEFINITIONS; LEGALITY OF ITEMS.

(A) As used in this subchapter, the term **FIREWORKS** means any composition or device for the purpose of producing a visible or an audible effect by combustion, deflagration, or detonation, and which meets the definition of “consumer fireworks” as defined in division (B) of this section or “display” fireworks as defined in division (D) of this section and as set forth in the U.S. Department of Transportation’s (DOT) hazardous materials regulations. “Fireworks” does not include:

(1) Exception number 1: Toy pistols, toy canes, toy guns, or other devices in which paper or plastic caps manufactured in accordance with DOT regulations, and packed and shipped according to said regulations, are not considered to be fireworks and shall be allowed to be used and sold at all times.

(2) Exception number 2: Model rockets and model rocket motors designed, sold, and used for the purpose of propelling recoverable aero models are not considered to be fireworks.

(3) Exception number 3: Propelling or expelling charges consisting of a mixture of sulfur, charcoal, and saltpeter are not considered as being designed for producing audible effects.
(KRS 227.700)

(B) As used in this subchapter, **CONSUMER FIREWORKS** means fireworks that are suitable for use by the public, designed primarily to produce visible effects by combustion, and comply with the

Stamping Ground - General Regulations

construction, chemical composition, and labeling regulations of the U.S. Consumer Product Safety Commission. The types, sizes, and amount of pyrotechnic contents of these devices are limited as enumerated in this chapter. Some small devices designed to produce audible effects are included, such as whistling devices, ground devices containing 50 milligrams or less of explosive composition, and aerial devices containing 130 milligrams or less of explosive composition. **CONSUMER FIREWORKS** are further defined by the Consumer Product Safety Commission in CPSC, 16 C.F.R. pts. 1500 and 1507, are classified as Division 1.4G explosives by the U.S. Department of Transportation and include the following:

(1) Ground and hand-held sparkling devices.

(a) Dipped stick-sparkler or wire sparkler. These devices consist of a metal wire or wood dowel that has been coated with pyrotechnic composition. Upon ignition of the tip of the device, a shower of sparks is produced. Sparklers may contain up to 100 grams of pyrotechnic composition per item. Those devices containing any perchlorate or chlorate salts may not exceed five grams of pyrotechnic composition per item. Wire sparklers which contain no magnesium and which contain less than 100 grams of composition per item are not included in this category, in accordance with DOT regulations.

(b) Cylindrical fountain. Cylindrical tube containing not more than 75 grams of pyrotechnic composition. Upon ignition, a shower of colored sparks, and sometimes a whistling effect or smoke, is produced. This device may be provided with a spike for insertion into the ground (spike fountain), a wood or plastic base for placing on the ground (base fountain), or a wood or cardboard handle, if intended to be hand-held (handle fountain). When more than one tube is mounted on a common base, total pyrotechnic composition may not exceed 200 grams, or 500 grams if the tubes are separated from each other on the base by a distance of at least one-half inch.

(c) Cone fountain. Cardboard or heavy paper cone containing up to 50 grams of pyrotechnic composition. The effect is the same as that of a cylindrical fountain. When more than one cone is mounted on a common base, the total pyrotechnic composition may not exceed 200 grams, or 500 grams if the tubes are separated from each other on the base by a distance of at least one-half inch.

(d) Illuminating torch. Cylindrical tube containing up to 100 grams of pyrotechnic composition. Upon ignition, colored fire is produced. May be spike, base, or hand-held. When more than one tube is mounted on a common base, total pyrotechnic composition may not exceed 200 grams, or 500 grams if the tubes are separated from each other on the base by a distance of at least one-half inch.

(e) Wheel. A device attached to a post or tree by means of a nail or string. A wheel may have one or more drivers, each of which may contain not more than 60 grams of pyrotechnic composition. No wheel may contain more than 200 grams total pyrotechnic composition. Upon ignition, the wheel revolves, producing a shower of color and sparks and, sometimes, a whistling effect.

(f) Ground spinner. Small device containing not more than 20 grams of pyrotechnic composition, similar in operation to a wheel but intended to be placed on the ground and ignited. A shower of sparks and color is produced by the rapidly spinning device.

(g) Flitter sparkler. Narrow paper tube attached to a stick or wire and filled with not more than 100 grams of pyrotechnic composition that produces color and sparks upon ignition. The paper at one end of the tube is ignited to make the device function.

(h) Toy smoke device. Small plastic or paper item containing not more than 100 grams of pyrotechnic composition that, upon ignition, produces white or colored smoke as the primary effect.

(2) Aerial devices.

(a) Sky rockets and bottle rockets. Cylindrical tube containing not more than 20 grams of pyrotechnic composition. Sky rockets contain a wooden stick for guidance and stability and rise into the air upon ignition. A burst of color or noise or both is produced at the height of flight.

(b) Missile-type rocket. A device similar to a sky rocket in size, composition, and effect that uses fins rather than a stick for guidance and stability.

(c) Helicopter, aerial spinner. A tube containing up to 20 grams of pyrotechnic composition. A propeller or blade is attached, which, upon ignition, lifts the rapidly spinning device into the air. A visible or audible effect is produced at the height of flight.

(d) Roman candles. Heavy paper or cardboard tube containing up to 20 grams of pyrotechnic composition. Upon ignition, up to ten stars (pellets of pressed pyrotechnic composition that burn with bright color) are individually expelled at several second intervals.

(e) Mine, shell. Heavy cardboard or paper tube usually attached to a wood or plastic base and containing up to 60 grams of total chemical composition (lift charge, burst charge, and visible or audible effect composition). Upon ignition, "stars," components producing reports containing up to 130 milligrams of explosive composition per report, or other devices are propelled into the air. The term "mine" refers to a device with no internal components containing a bursting charge, and the term "shell" refers to a device that propels a component that subsequently bursts open in the air. A mine or shell device may contain more than one tube provided the tubes fire in sequence upon ignition of one external fuse. The term "cake" refers to a dense-packed collection of mine or shell tubes. Total chemical composition including lift charges of any multiple tube devices may not exceed 200 grams. The maximum quantity of lift charge in any one tube of a mine or shell device shall not exceed 20 grams, and the maximum quantity of break or bursting charge in any component shall not exceed 25% of the total weight of chemical composition in the component. The tube remains on the ground.

(f) Aerial shell kit, reloadable tube. A package kit containing a cardboard, high-density polyethylene (HDPE), or equivalent launching tube with multiple-shot aerial shells. Each aerial shell is limited to a maximum of 60 grams of total chemical composition (lift charge, burst charge, and visible or audible effect composition), and the maximum diameter of each shell shall not exceed one and three-fourths inches. In addition, the maximum quantity of lift charge in any shell shall not exceed 20 grams, and the maximum quantity of break or bursting charge in any shell shall not exceed 25% of the total weight of chemical composition in the shell. The total chemical composition of all the shells in a kit, including lift charge, shall not exceed 400 grams. The user lowers a shell into the launching tube, at the time of firing, with the fuse extending out of the top of the tube. After the firing, the tube is then reloaded with another shell for the next firing. All launching tubes shall be capable of firing twice the number of

Stamping Ground - General Regulations

shells in the kit without failure of the tube. Each package of multiple-shot aerial shells must comply with all warning label requirements of the Consumer Product Safety Commission;

(3) Audible ground devices.

(a) Firecrackers, salutes. Small paper-wrapped or cardboard tube containing not more than 50 milligrams of pyrotechnic composition. Those used in aerial devices may contain not more than 130 milligrams of explosive composition per report. Upon ignition, noise and a flash of light is produced.

(b) Chaser. Small paper or cardboard tube that travels along the ground upon ignition. A whistling effect, or other noise, is often produced. The explosive composition used to create the noise may not exceed 50 milligrams.

(KRS 227.702)

(C) Items listed below are classified as **NOVELTIES** and **TRICK NOISEMAKERS** and are not classified as consumer fireworks by the U.S. Department of Transportation, and their transportation, storage, retail sale, possession, sale, and use shall be allowed throughout the state at all times.

(1) Snake, glow worm. Pressed pellet of pyrotechnic composition that produces a large, snake-like ash upon burning. The ash expands in length as the pellet burns. These devices may not contain mercuric thiocyanate.

(2) Smoke device. Tube or sphere containing pyrotechnic composition that, upon ignition, produces white or colored smoke as the primary effect.

(3) Wire sparkler. Wire coated with pyrotechnic composition that produces a shower of sparks upon ignition. These items may not contain magnesium and must not exceed 100 grams of composition per item. Devices containing any chlorate or perchlorate salts may not exceed five grams of composition per item.

(4) Trick noisemaker. Item that produces a small report intended to surprise the user. These devices include:

(a) Party popper. Small plastic or paper item containing not more than 16 milligrams of explosive composition that is friction sensitive. A string protruding from the device is pulled to ignite it, expelling paper streamers and producing a small report.

(b) Booby trap. Small tube with string protruding from both ends, similar to a party popper in design. The ends of the string are pulled to ignite the friction sensitive composition, producing a small report.

(c) Snapper. Small, paper-wrapped item containing a minute quantity of explosive composition coated on small bits of sand. When dropped, the device explodes producing a small report.

(d) Trick match. Kitchen or book match that has been coated with a small quantity of explosive or pyrotechnic composition. Upon ignition of the match a small report or a shower of sparks is produced.

(e) Cigarette load. Small wooden peg that has been coated with a small quantity of explosive composition. Upon ignition of a cigarette containing one of the pegs, a small report is produced.

(f) Auto burglar alarm. Tube which contains pyrotechnic composition that produces a loud whistle or smoke, or both, when ignited. A small quantity of explosive, not exceeding 50 milligrams may also be used to produce a small report. A squib is used to ignite the device.
(KRS 227.704)

(D) As used in this subchapter, the term **DISPLAY FIREWORKS** means pyrotechnic devices or large fireworks designed primarily to produce visible or audible effects by combustion, deflagration, or detonation. This term includes, but is not limited to, firecrackers containing more than two grains (130 milligrams) of explosive composition, aerial shells containing more than 40 grams of pyrotechnic composition, and other display pieces which exceed the limits for classification as consumer fireworks. Display fireworks are defined by the Consumer Product Safety Commission in CPSC, 16 C.F.R. pts. 1500 and 1507, and are classified as class B explosives by the U.S. Department of Transportation.
(KRS 227.706)

(E) Legality of items.

(1) Items described in division (B) above are legal for retail sale provided all applicable federal and state requirements with respect thereto are met.

(3) Items described in division (C) are legal for retail sale provided all applicable federal and state requirements with respect thereto are met.
(KRS 227.708)

§ 93.02 SALE OR USE PROHIBITED; EXCEPTION FOR PUBLIC DISPLAY.

No person, firm, co-partnership, or corporation shall offer for sale, expose for sale, sell at retail, keep with intent to sell, possess, use, or explode, any display fireworks, except for the following:

(A) The City Commission or other authorized city official may to grant permits for supervised public displays of fireworks by the city, fair associations, amusement parks, and other organizations or groups of individuals. Within 30 days after receiving a complaint, or within 30 days after the expiration of any period of reference under division (C) below, the Mayor shall investigate the complaint and give notice in writing to the person aggrieved whether he intends to resolve it. If the Mayor decides to resolve the complaints, he shall proceed to try to eliminate or correct the alleged discriminatory housing practice by informal methods of conference, conciliation, and persuasion. If the court finds that a discriminatory housing practice has occurred or is about to occur, the court may enjoin the respondent from engaging in such practice or order such affirmative action as may be appropriate.

(E) In any proceeding brought pursuant to this section, the burden of proof shall be on the complainant.

The Mayor may administer oaths.

(B) Upon written application to the Mayor, a respondent shall be entitled to the issuance of a reasonable number of subpoenas by and in the name of the Mayor to the same extent and subject to the same limitations as subpoenas issued by the Mayor himself. Subpoenas issued at the request of a respondent shall show on their face the name and address of such respondent and shall state that they were issued at his request.

(C) Witnesses summoned by subpoena of the Mayor shall be entitled to the same witness and mileage fees as are witnesses in proceedings in United States district courts. Fees payable to a witness summoned by a subpoena issued at the request of a respondent, shall be paid by him.

(D) Within five days after service of a subpoena upon any person, the person may petition the Mayor to revoke or modify the subpoena. The Mayor shall grant the petition if he finds that the subpoena requires appearance or attendance at an unreasonable time or place, that it requires production of evidence which does not relate to any matter under investigation, that it does not describe with sufficient particularity the evidence to be produced, that compliance would be unduly onerous, or for other good reason.

(E) In case of contumacy or refusal to obey a subpoena, the Mayor or other person at whose request it was issued may petition for its enforcement in the state court for the district in which the person to whom the subpoena was addressed resides, was served, or transacts business.

(F) No person shall willfully fail or neglect to attend and testify or to answer any lawful inquiry or to produce records, documents, or other evidence, if in his power to do so, in obedience to the subpoena or lawful order of the Mayor. (A) The rights granted by §§ 95.03 through 95.06 may be enforced by civil actions in state or local courts of general jurisdiction. A civil action shall be commenced within 180 days after the alleged discriminatory housing practice occurred; provided, however, that the court shall continue any civil case brought pursuant to this section or § 95.10(D) from time to time before bringing it to trial, if the court believes that the conciliation efforts of the Mayor are likely to result in satisfactory settlement of the discriminatory housing practice complained of in the complaint made to the Mayor and which practice forms the basis for the action in court. Any sale, encumbrance, or rental consummated prior to the

issuance of any court order issued under the authority of this chapter, and involving a bona fide purchaser, encumbrancer, or tenant without actual notice of the existence of the filing of a complaint or civil action under the provisions of this chapter shall not be affected.

(B) The court may grant as relief, as it deems appropriate, any permanent or temporary injunction, temporary restraining order, or other order, and may award to the plaintiff actual damages and not more than \$1,000 punitive damages, together with court costs and reasonable attorney fees in the case of a prevailing plaintiff; provided, that the plaintiff in the opinion of the court is not financially able to assume the attorney's fees.

(Ord. passed 12-9-89)

(B) *Emergency telephone number.* The notice required to be given by this section may be given by telephoning "911" (or such other emergency telephone number as may be subsequently designated). This one call will meet the requirements for notification of local agencies (LEPC, Fire Department with jurisdiction, Local DES, Ambulance Service, and the like as required).

(C) *Duty to control releases.* The notice required to be given by this section shall not be construed as forbidding or otherwise exempting any person on or about the facilities from exercising all diligence necessary to control such release prior to or subsequent to such notice to the Emergency Communication Center, especially if such efforts may result in the containment of the release and/or the abatement of any hazard to life and/or property.

(D) *Duty to report to other agencies.* No statement contained in this section shall be construed to exempt or release any person from any other notification or reporting procedures in accordance with applicable state or federal laws or regulations.

The role of DES is to give technical advice and assistance to the Fire Chief.

(C) DES or the Fire Chief shall immediately report any release or threatened release to the executive authority of the jurisdiction (for example County Judge/Executive or his administrative assistant, Mayor, City Administrative Officer, City Coordinator) if § 96.02(B) of this chapter applies. If in the opinion of the executive authority, the seriousness of the situation warrants, the Chief Executive Officer of the jurisdiction (County Judge/Executive or Mayor) shall declare the existence of a state of emergency in the jurisdiction, and thereafter, the response authority provided by this section shall then be vested in such Chief Executive Officer. In such event, the Chief Executive Officer may authorize DES, the Fire Chief, or other appropriate person to exercise all or part of the response authority provided by this section until further notice.

(D) All local emergency response personnel shall cooperate with and operate under the direction of the Chief Executive Officer of the jurisdiction, the Fire Chief, DES, or other person then exercising response authority under this section until such time as the person then exercising response authority has determined that the response is complete, or responsibility for response has been assumed by the state or federal agency having primary jurisdiction over such release or threatened release.

(E) The person exercising response authority under this section shall coordinate and/or cooperate with other federal, state or local public health, safety and emergency agencies involved in the response to a release or threatened release of hazardous materials.

(F) The person exercising response authority under this section may, with the approval of the executive authority of the jurisdiction, obtain vital supplies, equipment, services and other properties found lacking and needed for the protection of human health, property and the environment and obligate the jurisdiction for the fair value thereof.

(A) The owner and operator of a facility or vessel from which there is a release or substantial threat of release of hazardous materials;

(B) Any person who, at the time of disposal, transport, storage, or treatment of hazardous materials, owned or operated the facility or vessel used for such disposal, transport, treatment, or storage from which there was a release or substantial threat of a release of hazardous materials;

(D) Any person who accepts or accepted any hazardous materials for transport to disposal, storage or treatment facilities from which there is a release or substantial threat of release of hazardous materials. (Ord. 1996-06, passed 8-5-96)

§ 96.08 AUTHORIZED RELEASE.

There shall be no liability under this chapter for any release permitted by local, state or federal law, but only to the extent that such release is made in accordance with an appropriate permit granted by the state or federal agency having primary jurisdiction over such release and that such release is in full compliance with such permit with respect to time, location and manner of the release so that such release will not create a hazard or potential hazard to human health, property or the environment; or, if such release is in substantially lesser quantities than those reportable quantities established by state or federal law regulations, permit requirements, or ordinances of the jurisdiction in which such release occurs. (Ord. 1996-06, passed 8-5-96)

§ 96.09 CONTRACTUAL INDEMNIFICATION: SUBROGATION.

(A) No conveyance, transfer, sale, indemnification, hold harmless, or similar agreement shall be effective to release the owner or operator if any facility or vessel or any person who may be liable for a release of hazardous materials or threat thereof under this chapter. Nothing in this section shall bar any arrangements to insure, hold harmless or indemnify a party to such agreement for any liability under this chapter.

(B) Nothing in this section, including the provisions of division (A) of this section, shall bar a cause of action that an owner or operator or any other person subject to liability under this chapter, or a guarantor, has or would have, by reason of subrogation or otherwise against any person. (Ord. 1996-06, passed 8-5-96)

§ 96.10 DISCLAIMER OF LIABILITY.

This chapter shall not create liability on the part of the administering agency or on the part of the response authority for any damages that result from reliance on this chapter or any administrative decision lawfully made thereunder. All persons are advised to determine to their own satisfaction the level of protection, in addition to that required by this chapter, necessary or desirable to ensure that there is no unauthorized release of hazardous materials.

(Ord. 1996-06, passed 8-5-96)

§ 96.11 SEVERABILITY.

If any provision or section of this chapter or the enforcement of such provision or section is held to be invalid or unenforceable by a court of competent jurisdiction, such invalidity or unenforceability shall not effect or render invalid or unenforceable any other provision or section.

(1) Personal service to the alleged violator;

(2) Leaving a copy of the citation with any person 18 years of age or older who is on the premises, if the alleged violator is not on the premises at the time the citation is issued; or

(3) Posting a copy of the citation in a conspicuous place on the premises and mailing a copy of the citation by regular, first-class mail of the United States Postal Service to the owner of record of the property if no one is on the premises at the time the citation is issued.

Stamping Ground - General Regulations

(C) The citation issued by the code enforcement officer shall contain, in addition to any other information required by rule of the Board:

- (1) The date and time of issuance;
- (2) The name and address of the person to whom the citation is issued;
- (3) The date and time the offense was committed;
- (4) The address where the offense was committed;
- (5) The facts constituting the offense;
- (6) The section of the code or the number of the ordinance violated;
- (7) The name of the code enforcement officer;
- (8) When the code enforcement officer has reason to believe that the existence of the violation presents imminent danger, a serious threat to the public health, safety, and welfare, or if in the absence of immediate action, the effects of the violation will be irreparable or irreversible, a statement so indicating;
- (9) If applicable, the time period within which the person must remedy the violation;

- (17) A statement that if the person fails to pay the civil fine set forth in the citation or contest the citation within seven days of the date the citation is issued, the person shall be deemed to have waived the right to a hearing before the Code Enforcement Board or hearing officer to contest the citation and that the determination that a violation was committed shall be final, and the alleged violator shall be deemed to have waived the right to appeal the final order to District Court; and
- (18) A statement that contesting the citation shall serve to toll the city's abatement of the violation except where the code enforcement officer has reason to believe that the existence of the violation presents imminent danger, a serious threat to the public health, safety, and welfare, or if in the absence of immediate action, the effects of the violation will be irreparable or irreversible.

Stamping Ground Code Enforcement Board

(D) After issuing a citation to an alleged violator, the code enforcement officer shall notify the Code Enforcement Board by delivering the citation to the administrative official designated by ordinance or by the Board. The code enforcement officer, hearing officer, or Code Enforcement Board may also elect to provide notice of the issuance of the citation to any lienholder with an interest in the subject premises.

(E) Notices of violation or citations involving motor vehicles shall be sent to the property owner or other person having control or management of the premises or property, and the motor vehicle owner if known.

(F) Nothing in this chapter shall prohibit the city from taking immediate action to remedy a violation of its code when there is reason to believe that the violation presents a serious threat to the public health, safety and welfare, or if in the absence of immediate action, the effects of the violation will be irreparable or irreversible.

(G) When a citation is issued, the person to whom the citation is issued shall respond to the citation within seven days of the date the citation is issued by either paying the civil fine set forth in the citation or filing written notice with the City Clerk requesting a hearing to contest the citation. If the person fails to respond to the citation within seven days, the person shall be deemed to have waived the right to a hearing to contest the citation and the determination that a violation was committed shall be considered final. In this event, the citation, as issued, shall be deemed a final order determining that the violation was committed and imposing the civil fine set forth in the citation, and the alleged violator shall be deemed to have waived the right to appeal the final order to District Court. Notice of the final order shall be provided to the cited violator in the manner set forth in § 97.09(G) of this chapter.

(H) Notwithstanding the provisions of division (G) of this section, whenever a hearing before an administrative body is required by law for a particular violation, remedy or abatement action, or when, in the opinion of a code enforcement officer or the City Attorney, such a hearing is necessary or advisable, the code enforcement officer or the City Attorney may request such a hearing before the Board, and the Board shall schedule the hearing and provide notice to the person to whom the citation is issued in accordance with the provisions of this section.

(I) Citations shall be payable as set forth in the agreement.

(J) *Notice of violation.*

(1) Unless the code enforcement officer has reason to believe that the violation presents a serious threat to the public health, safety and welfare, or if in the absence of immediate action, the effects of the violation will be irreparable or irreversible, a notice of violation shall be issued in lieu of a citation for violation of any ordinance subject to enforcement under this chapter, where any of the following is true:

(a) The property upon which the violation exists has not been the subject of a citation or notice of violation within the past 24 months; or

(b) The owner of the property has not been issued a citation or notice of violation within the past 24 months; or

(c) The alleged violator has not been issued a citation or notice of violation within the past 24 months.

(2) The notice of violation shall be in writing and shall give notice of:

(a) The date and time of issuance;

(b) The name and address of the person to whom the citation is issued;

Stamping Ground - General Regulations

- (c) The date and time the offense was committed;
- (d) The address where the offense was committed;
- (e) The facts constituting the offense;
- (f) The section of the code or the number of the ordinance violated;
- (g) That the person must remedy the violation within five calendar days or a citation will be issued.

(3) A notice of violation shall be delivered in the same manner as a citation, as specified in § 97.08(B) of this chapter within seven days of the receipt of the final order. The failure to file an appeal within seven days shall render the order entered by the hearing officer final for all purposes and an individual receiving a final order under this division shall be required to exhaust the administrative remedy of appeal to the Board before appealing to District Court as authorized under KRS 65.8831. (Ord. 17-01, passed 1-10-17)

§ 97.09 HEARING, NOTICE AND FINAL ORDER.

(A) When a hearing has been requested, the Board, through its clerical and administrative staff, shall schedule a hearing.

(B) Not less than seven days before the date of the hearing, the Board shall notify the requester of the date, time and place of the hearing. The notice may be given by regular first class mail, certified mail, return receipt requested, by personal delivery, or by leaving the notice at the person's usual place of residence with any individual residing therein who is 18 years of age or older and who is informed of the contents of the notice. The Board may also elect to provide notice of hearing to any lienholders with an interest in the subject premises.

(C) Any person requesting a hearing who fails to appear at the time and place set for the hearing shall be deemed to have waived the right to a hearing to contest the citation and the determination that a violation was committed shall be final. In this event, the citation, as issued, shall be deemed a final order determining that the violation was committed and imposing the civil fine set forth in the citation, and the alleged violator shall be deemed to have waived the right to appeal the final order to District Court. Notice of the final order shall be provided to the cited violator in the manner set forth in KRS 65.8828(5).

(D) All testimony shall be taken under oath and recorded. The Board or assigned hearing officer shall take testimony from the code enforcement officer, the alleged violator and any witnesses to the violation offered by the code enforcement officer or alleged violator. Formal rules of evidence shall not apply, but fundamental due process shall be observed and shall govern the proceedings.

(E) Each case that is the subject of a hearing may be presented by an attorney selected by the local government or by a member of the administrative staff of the local government. An attorney may either be counsel to the Board or may represent the local government by presenting cases at the hearing, but in no case shall an attorney serve in both capacities.

(F) The Board or the assigned hearing officer shall, based on the evidence, determine whether a violation was committed. If it determines that no violation was committed, an order dismissing the citation shall be entered. If it determines that a violation was committed, an order shall be issued upholding the citation and ordering the offender to do either or both of the following:

- (1) Pay a civil fine up to the maximum authorized by ordinance; or

Stamping Ground Code Enforcement Board

(2) Remedy a continuing violation in order to avoid the imposition of a fine as authorized by ordinance.

(G) Every final order of the Board or the assigned hearing officer shall be reduced to writing, which shall include the findings and conclusions of the Board, and the date the order was issued. A copy of the order shall be furnished to the person named in the citation. If the person named in the citation is not present at the time a final order of the Board is issued, the order shall be delivered to that person by regular first-class mail; certified mail, return receipt requested; by personal delivery; or by leaving a copy of the order at that person's usual place of residence with any individual residing therein who is 18 years of age or older and who is informed of the contents of the order.

(Ord. 17-01, passed 1-10-17)

§ 97.10 APPEALS; FINAL JUDGEMENT.

(A) Within seven days of the entry of a final order issued by the hearing officer, the order may be appealed by the alleged violator to the Board, which shall review the record created before the hearing officer and determine whether there is substantial evidence on the record to support a finding by the hearing officer that a violation was committed. If the Board determines that there is not substantial evidence on the record, it shall issue an order dismissing the citation. If the Board determines that there is substantial evidence on the record that a violation was committed, it shall issue a final order upholding the order entered by the hearing officer. The failure to file an appeal within seven days shall render the order entered by the hearing officer final for all purposes and an individual receiving a final order under this section shall be required to exhaust the administrative remedy of appeal to the Code Enforcement Board before appealing to District Court as authorized under KRS 65.8831.

(B) An appeal from any final order of the Board may be made to the Scott District Court within 30 days of the date the order is issued. The appeal shall be initiated by the filing of a complaint and a copy of the Board's order in the same manner as any civil action under the Kentucky Rules of Civil Procedure. The District Court shall review the final order de novo.

(C) A judgment of the Scott District Court may be appealed to the Scott Circuit Court in accordance with the Rules of Civil Procedure.

(D) If no appeal of the final order of the Board is filed within the time allowed in division (A) of this section, the Board's order shall be deemed final for all purposes.

(Ord. 17-01, passed 1-10-17)

§ 97.11 ABATEMENT.

(A) All violations of ordinances and codes enforced under this chapter shall be remedied by the violator within the time period specified in the specific ordinance or code, unless the code enforcement officer determines that a shorter time is warranted. In the absence of a specified time period, the time period for remedy of a violation shall not exceed ten days, however the code enforcement officer, Board or hearing officer may grant an extension of this time period. The time period for the violation to be remedied shall not be less than 24 hours following issuance of the citation, unless the code enforcement officer has reason to believe that the existence of the violation presents imminent danger, a serious threat to the public health, safety, and welfare, or if in the absence of immediate action, the effects of the violation will be irreparable or irreversible. The time period shall commence upon the issuance of a citation in accordance with § 97.08(B) of this chapter.

(B) If the property owner so served does not abate the violation within the applicable time period, the city may proceed to abate such violation, keeping an account of the expense of abatement. The

unauthorized entry to, or demolishing all or a portion of a structure or premises, or taking any other action with regard to a structure or premises necessary to remedy a violation and to maintain and preserve the public health, safety, and welfare in accordance with any local government ordinance, shall be charged to and paid by the property owner.

(C) Filing of notice to contest a citation in accordance with § 97.08(G) of this chapter shall serve to toll the city's abatement of the violation, unless the code enforcement officer has reason to believe that the existence of the violation presents imminent danger, a serious threat to the public health, safety, and welfare, or if in the absence of immediate action, the effects of the violation will be irreparable or irreversible. In the event the Board or a hearing officer determines that the violation contested did occur, the Board or hearing officer may order that the abatement proceed immediately or within a specified time period not to exceed 30 days.

(D) The code official shall bill the property owner of such premises at least once following abatement. No lien claimed shall be filed against the property until seven days have elapsed after the bill is sent. If the property is the subject of litigation, the lien may be filed immediately upon the mailing of the bill. (Ord. 17-01, passed 1-10-17)

§ 97.12 LIENS, FINES, CHARGES AND FEES.

(A) The city shall possess a lien on property owned by the person found by a final, non-appealable final order as defined by KRS 65.8805(8), or by a final judgment of the court, to have committed a violation of a city ordinance. The lien shall be for all civil fines assessed for the violation and for all charges and fees incurred by the city in connection with the enforcement of the ordinance, including abatement costs. An affidavit of the code enforcement officer shall constitute prima facie evidence of the amount of the lien and the regularity of the proceedings pursuant to KRS 65.8801 to 65.8839. The lien:

- (1) Shall be recorded in the office of the County Clerk;
- (2) Shall be notice to all persons from the time of its recording and shall bear interest until paid;
- (3) Subject to KRS 65.8836, shall take precedence over all other liens, except state, county, school board, and city taxes;
- (4) Shall continue for ten years following the date of the nonappealable final order, or final judgment of the court; and
- (5) May be enforced by judicial proceedings, including an action to foreclose.

(B) A copy of the notice of the lien shall be mailed to the owner of the premises. However, the failure to mail the owner a copy of such notice or the failure of the owner to receive such notice shall not affect the right of the city to enforce its lien for such charges as provided by law.

(C) In addition to the remedy prescribed above, the person found to have committed the violation shall be personally responsible for the amount of all fines assessed for the violation and for all charges and fees incurred by the city or the Board in connection with the enforcement of the applicable code.

(D) The City Attorney is authorized to bring a civil action for the collection of delinquent liens and other costs incurred by the city, and the city shall have the same remedies as provided for the recovery of a debt. The City Attorney is granted authority to use his or her best judgment and discretion to settle any fine and remedy assessments and to release liens as he deems to be in the best interests of the city. The City Attorney is further authorized to make a determination that a lien not be filed if the cost of the lien

and collection is greater than the amount of the lien, when intervening in existing litigation is not cost effective or when the lien would not be enforceable as a matter of law. The City Attorney is also authorized to release any existing liens that meet the above criteria.
